Hello Again Vikas,

Here is the below confirmation of receipt from the Eca for everyone's records.

=====

Thank you for your inquiry. We have received your e-mail and will review as soon as possible. You will receive NO additional confirmation/correspondence from EPA at this time.

EPA does not issue waivers for the low sulfur fuel oil requirement (nor do we issue permission or denial of entry for a vessel into the ECA or any port). The vessel should not wait for any additional correspondence/confirmation from EPA prior to continuing its voyage.

Please note that Zip files attached to messages sent to this address will not be accepted. A different file format should be used or other arrangements made.

Information on how to submit a Fuel Oil Non-Availability Report can be found at <http://www.epa.gov/compliance/resources/policies/civil/caa/mobile/finalfuelavailabilityguidan-0626.pdf>

Please see EPA's Ocean Vessels and Large Ships webpage for more information on the North American ECA at <http://www.epa.gov/oms/oceanvessels.htm#emissioncontrol>.

Please sign up for Marine Vessels - Emission Control Area (ECA) alerts at the following link <https://enviroflash.epa.gov/enviroflashOTAQPublic/Subscriber.do?method=start>.
